Professional Summary

Software Engineer with 3+ years of industry experience developing and maintaining scalable full-stack applications using React, Angular, and .NET. Currently working at Verdentra on cloud-based, data-driven systems leveraging Azure, Snowflake, and both SQL and NoSQL databases. Experienced in building reliable, production-ready solutions and collaborating effectively within global, cross-functional teams.

Education

University of Westminster, BEng(Hons) Software Engineering Jan 2020 – Aug 2025

- Upper Second Honors

University of Westminster, MSc in Applied Artificial Intelligence Jan 2025 – Present

Experience

Software Engineer , Verdentra June 2024 – Present

- Implemented end-to-end state K-1 tax compliance features, including data remapping and UI enhancements, using Angular 19 and .NET Core.
- Report migration and stored procedure development using Snowflake and .NET
- Technical Blog Writer and Part of AI Content Team([Link](#))
- Organized CSR initiatives and internal engagement activities
- Hosted multiple university technical sessions
- Created a voice-integrated feature during hackathon for web navigation
- AI-powered internal learning platform designed to help employees identify skill gaps, track their progress, and grow continuously

Associate Software Engineer, Verdentra Apr 2023 – Jun 2024

- Developed a web application for employee recognition using React, Azure Functions, Node.js, and MySQL
- Developed a task tracking app using .NET, React JS, and Azure AI

Associate Software Engineer, Conceptvines Dec 2022 – Apr 2023

- Developed a cloud-native application, cHub, to simplify integration challenges and enable seamless communication between regulated ATS, exchanges, crossing networks, and custodian

Junior Web Developer, Rananjaya Holdings Feb 2022 – Nov 2022

- Contributed to the development of notable websites in Sri Lanka. Demonstrated expertise in UI/UX design, creating visually appealing and user-friendly interfaces that enhanced the overall user experience of websites

Software Support Engineer , Spades Jun 2022 – Dec 2022

- Resolved complex technical tickets by developing and executing platform strategies, implementing datadriven and architecturally sound solutions, applying support engineering principles, defining critical architectures and interfaces, and assessing emerging technologies to provide impactful recommendations

Trainee Web/App and Blockchain Developer , GlidAR (Pvt) Ltd

July 2021 – June 2022

- Created NFT Minting App: thrash.netlify.app
- Contributed to the development of prominent websites, including Nawaloka, Upali's, Fourcoast, and Flights Destination, ensuring seamless user experiences and visually appealing designs. Leveraged blockchain technology to build Smart Contracts using Solidity, enabling secure and transparent transactions

Leadership Experience

- IT Consultant, Capsaicinaz LM Foundation (Nov 2022 – Present)
- Hold various positions in AIESEC (Germany, Azerbaijan, Bangladesh, Sri Lanka, Denmark)
- Zone Coordinator Leo Club (June 2023 – Aug 2024)

Publication

- Success of a Mobile App
 - <https://www.researchgate.net/publication/350974886-Success-of-a-mobile-app>
- Political illiteracy in India - Pioneers Youth
- Reducing Food Wastage in South Asian Countries - Pioneers Youth

Certifications and Badges

Microsoft Certified Azure Data Fundamentals

Microsoft Certified Azure Fundamentals

Microsoft Certified Azure AI Fundamentals

Certified OCI AI Foundations Associate (2025)

Won 1st Place in VerdentraX Hackathon

- Clarity is an AI-powered internal learning platform designed to help employees identify skill gaps, track their progress, and grow continuously. It uses generative AI to create personalized learning content based on individual roles and interests. Employees can visualize their growth journey through dashboards and receive smart recommendations. Our goal was to make skill development smarter, personalized, and engaging.

Earned the “Finding and Using Information: Data Literacy – Statistics Foundations” badge from the University of Westminster!
